WITH VLOERWERK YOU STAND STRONG!

Solidarity network in Amsterdam and surrounding areas

We are a group of workers which supports each other in case of conflicts on the work floor. If you have a conflict at work, contact us through our website on www.vloerwerk.org, e-mail us at info@vloerwerk.org or call us on 06-31542652. Hopefully we can help each other!

Unpaid wages, already bad labor laws and collective bargaining agreements that aren't followed. And when someone says something about it, intimidation follows. The list goes on and on. No matter whether you're regular staff, freelancer or have a temporary contract. These are stories we are all too familiar with.

We know that on your own you won't get that far in a struggle against your boss. But we also know a boss will be much more vulnerable when we stand together. That is why we have come together to support each other. By building our network now, we ensure ourselves that when such a conflict arises, we never have to face it alone. It also means that when we are already organised with our colleagues, that we can count on the support from people outside our own workplace as well.

Our goal is to win. That's why we use intensifying actions, specifically suited to the situation. We make sure that we can keep on going as long as necessary through intelligent planning and alternating responsibilities. We become stronger with each victory and each person that invests a little bit of her or his time. There are many ways in which you can contribute to this. The only condition to having the support of others, is supporting others yourself. With Vloerwerk you stand strong. **Join us!**
